The United States respectfully moves to grant defense counsel in this case, Mark B. Bailus, access to the discovery that the Government has provided in the related case, *United States v. Benzer, et al*, Case No. 2:13-cr-18-JCM-GWF, by granting defense counsel access via the process provided by Russell M Aoki, Coordinating Discovery Attorney, in that case.

Although the Government has separately produced discovery that is directly relevant (or the "hot docs") to the above captioned case and defendant, the materials produced in the *Benzer* case are also relevant to the charges that the Defendant faces. To separately produce these materials outside of Mr. Aoki's system would be onerous on both the Government and defense counsel, who is appointed in this case.

DATED this 26th day of January, 2015.
